Is YOUR Subscription to The Times Paid?

Consult your address label on this paper—compare with calendar and if in arrears kindly remit. Addresses written in pencil generally infer paid up subscriptions not yet changed on printed mailing list. Immediately following this reminder to delinquent subscribers will be found each week a list of those paying subscriptions during the current week.

SUBSCRIBERS PAYING FOR THE TIMES DURING THE WEEK

Following are the names of those paying subscriptions to The Times during the past week:
H. Bates, Macleod; W. O. Hoodless, Macleod; George E. M. Scott, St. Eustache, Quebec; W. E. Young Macleod; Liberty Cafe, Macleod; Mrs. Sarah Schroeder, Eureka, Montana; H. H. Hull, Edmonton; R. R. Coffey, Macleod.

TO SUBSCRIBERS WHO ARE IN ARREARS TO THE TIMES

FRIEND SUBSCRIBER—

We wish to make to you a few statements of unadorned facts:
Paper on which to print this newspaper costs us \$1200.00 per year—which is obviously some item of expense—especially when it is taken into consideration that this same print paper three years ago would not have cost more than \$400.00 per year—these be strenuous times in which to publish a newspaper as all other expenses in connection with publication are increased in about the same ratio as the cost of the paper.

On The Times subscription list there are \$1,800.00 in unpaid subscriptions.
We suggest to you that with print paper alone costing us \$1200.00 per year it is a hard proposition to get out The Times, keep it up to a fair standard and carry credits to subscribers to the amount of \$1,800.00. Your proportion of this indebtedness is a small matter to you likely—the aggregate of \$1,800.00 is a fairly large and uncomfortable matter to us.
Again we suggest—that each subscriber to The Times who is in arrears comes forward promptly NOW and pays up such arrears and thus co-operates with us in giving Macleod one of the best country weeklies in Alberta.

"COMING EVENTS CAST THEIR SHADOWS BEFORE"

Wednesday, March 2nd, is the date of the next Hockey Club dance. Keep this date in mind.

KEEP THIS DATE OPEN

A Tea Dansant will be held in the G.W.V.A. Hall, 17th March, St. Patrick's Day, by Ladies of the R. C. Church—4 to 6—music by Miss M. Watson—Admission 50 cents. Dance at 8.30 to 12. Refreshments. Ryan's Orchestra. Admission 50 cents.

G. W. V. A. GRAND BALL

Another special effort in catering to the winter months pleasures of Macleod is projected by the G.W.V.A. in the big ball which they will give on Monday, February 28th. The past successes of these special efforts by the veterans leaves nothing to be prophesied in the nature of the affair—precedents speak louder than promises. Keep this date open for an evening of unalloyed enjoyment.

CONCERT AND SUPPER AT PEARCE

A concert and supper will be given by Pearce Young People on Friday, February 25th, at Pearce Schoolhouse, commencing at 8 p.m. A good programme is under preparation and a

MINISTER CALLS CONFERENCE TO REVISE TEACHER'S CONTRACTS

Following the Trustees' Convention at Calgary the first week of February, the Minister of Education has taken steps to bring together representative teachers and trustees in order that the authorized form of the agreement, between teachers and school boards, might be finally revised. The complaint was made at the Trustees' Convention that the present authorized form was not reciprocal in its terms. The points there raised will be fully discussed by the conference which has now been called and any new proposals that either side desires to bring forward, will also be dealt with.

The Minister has asked the Teachers' Alliance to name four representatives to meet with an equal number of trustees, nominated by the executive of the Trustees' Association, to meet in Edmonton on Saturday morning, the 5th of March. The conference will be presided over by the Deputy Minister of Education, Mr. John T. Ross.

The Teachers' Alliance has named the following four representatives: Mr. H. C. Newland of Edmonton, Mr. Chas. E. Peasley of Medicine Hat, Mr. T. E. A. Stanley of Calgary, and Mr. J. W. Barnett of Edmonton. The Trustees' Association has named Mr. Wm. Rea of Edmonton, Mr. T. O. King of Raymond, Mr. H. C. Wingate of Calgary and Mr. R. H. MacDonald of Trochu.

It is hoped that the proposed conference will remove all cause of friction insofar as the teacher's contract is concerned.

THE ALBERTA PIONEER

(By Mrs. Letitia Dickson, of Macleod, who was a guest at the Kivans Party at Calgary on Monday last week.)

You followed the trail long years ago, With footsteps light and hearts aglow. To this western land, now a nation's pride, Where the rivers roll to the ocean wide.

You felled the trees and tilled the soil, And builded your homes amid hardship and toil, And planted churches and school houses fair, In valleys, on hillsides everywhere.

Where the war-whoops rang is the whistle of trains, Over mountains and rivers and fertile plains, And flowers and fruit and products rare Blossom and flourish in Alberta's air.

The old mill wheel, the schooner canoe Gave place to the cry for all things new, And the wigwam's smoke and the camp fire's gleam Are passing from sight like midnight dreams.

In 'seventy-four, and the days of old, You dug your wealth from the mountains bold; Now, the mills and the mints lay the world's vast stores Of treasure and gold at your very doors.

On the trail of life some have traveled far— You have built a province, and now afar See the gates to that city of love and light, In the Fatherland, where there is no night.

The days of old and the days of gold Have passed away, as a tale that is told, But the memory dear will linger still, And brighter grow, down life's long hill.

The trail of life leads on that sea Which washes the shores of Eternity. But the glory of sunset illumines the tide As you launch away to the other side.

There loved ones who journeyed with you through the years, Bravely sharing your hardships and joys and tears, Now joyously, lovingly wait, as of yore, To welcome you home when life's journey is o'er.

IN MEMORIAM

SCOTT—In loving memory of my dear wife Frieda, who passed peacefully away, February 24th, 1919. "Ever present in my memory."
—Geo. E. M. Scott.

pleasant evening is assured. Adults 50c, children half price. Proceeds in aid of Macleod Hospital.

There will be a birthday tea at Mrs. Dunbar's on Monday, 28th, from 4 to 6 p.m., in honor of Mrs. Maxfield.

The Cornucopia Tips— Hold Your Apron Macleod and District!

It tips! It tips! The horn of plenty now held over Macleod and district is tipping to empty in our laps the deluge of its contents.

The Lethbridge Northern Irrigation Bonds will be guaranteed without doubt. South Macleod Project will be in fairness, and logically the next irrigation project to be financed by the government. What does this mean concretely for Macleod and district? The Lethbridge Northern project will water 105,000 acres immediately adjacent to Macleod, the South Macleod project will water 70,000 acres in close proximity to Macleod, all in Macleod territory. Expenditure in the neighborhood of Macleod in connection with these two enterprises will exceed \$5,000,000.00. Much of this will be spent eventually in Macleod as a buying center adjacent to the works. This is a gratifying prospect—may be assumed to be a surety. Contiguity of Macleod to the works alone assures the town of merchandising advantages accruing immediately. The completed projects assure the prosperity of the district, and in the smaller holdings necessitated by irrigation methods of farming again will Macleod add to her long delayed reaping. The population of the district will be trebled and Macleod's merchandising opportunities trebled.

In substantiation of this—recently one of the prominent promoters of the Lethbridge Northern District stated in conversation with Mayor Fawcett that Macleod was the town that would be benefitted to the greatest extent by the irrigation projects of this district and if he were buying lots in any town in Alberta for quick returns on investment Macleod would be his choice.

Don't, while considering this \$5,000,000.00 expenditure in our midst, forget the Peuchen Mill installation, \$100,000.00 has been already expended in this industry being established here in about five months. This expenditure is in evidence now. The added expenditure to place it in operation implies probably three-quarters of a million more—meaning prosperity for Macleod in a considerable ratio to the total amount spent in her environs.

The mill project is one for, not a season, but many seasons of big pay roll, backed as it is by a 600,000,000 foot cut of spruce on the north fork of the Old Man river and its tributaries, meaning an average yearly cut and working into lumber or pulp of 12,000,000 feet, covering fifty years' working future for the mill now being established at Macleod and whose pay roll will be an extraordinary asset to this town.

In a minor, but not to be despised degree, do and will the running of the Blue and Red automobile routes through Macleod contribute to her advantage. Mayor Fawcett is to be commended on his activities a year ago in the interest of the Blue route being mapped through Macleod and which contributed to the end achieved.

Macleod and district are coming into their own—farm property will soar in value—town property will soar in value—don't let your holdings lapse—pay your taxes—hang on—the rising sun of substantial prosperity already gilds the clouds of our adversity and the shining morning of our realized hope is at hand—And confidently we await the throw of the Alberta Legislature who are about to cast the dice on which is staked the destiny of the south country.

SPRACKLIN TO BE TRIED FOR MANSLAUGHTER

SANDWICH, Ont., Feb. 21.—A true bill against Rev. J. O. Spracklin, charged with manslaughter as a result of the killing last November of Beverly Trumbell, an "innkeeper," was returned by the Ontario grand jury here this afternoon. Spracklin shot and killed Trumbell while acting as liquor license inspector.

The public will not be excluded from the court room at Sandwich, during the Spracklin trial, which will commence tomorrow morning. An announcement to this effect was made this morning, following the arrival in Windsor, of Sir William Mullock, chief justice of Ontario, who will preside at the opening assizes.—Calgary Herald.

DEATH OF MRS. ROBERT McDONALD

Mary Jane McDonald, wife of the late Robert McDonald, died at Macleod on Wednesday, February 23rd, after a lingering illness.

The deceased was born at Balmoral, Ontario, and was sixty-nine years old at the time of her demise. Mrs. McDonald had been resident in Macleod for the past ten years, was a member of the Methodist Church and active in church work up to the time she was stricken by the illness which culminated in her death. She is mourned by a wide circle of friends and acquaintances in Macleod and more intimately by her three daughters, Mrs. J. B. Sutherland, of Macleod; Mrs. J. Schrader, of Port Huron, Michigan; Mrs. D. Darrogh, of Drunaheller, Alta., and four sons: George V., of Macleod; Ernest, of Havre, Montana, and James and Fred, of Rosedale, Alta.

Funeral service will be held on Friday, February 25th, at 3.00 p.m., from the residence of J. B. Sutherland, on 16th St., Macleod, thence to the Union Cemetery.

A woman may not be able to hit anything with a stone, but she can cast a ballot straight.

Every new-born child causes a rattle, however small, upon the sea of life.

YOUR NEWSPAPER IS A DAILY NECESSITY OF LIFE

Your newspaper has a most important part in your daily life. Through it you get each day all the news of the world; the latest happenings from London, Paris, New York and Berlin. These four great news gathering centres send out each day news of the most vital international importance.

The Allies decide on what Germany's reparation indemnity shall be. In a few hours your newspaper brings that news to you red hot off the wires. A big railway strike is called in England. You hear about it as soon as the public of England who are immediately affected.

You get your market reports, your local news, what your own governments are doing, and in addition to this many features of international, national and provincial interest.

Your daily newspaper is one of the greatest features of modern civilization. To keep abreast of events you must be a newspaper reader and you must have a reliable newspaper.

The great news gathering organization of The Calgary Daily Herald, Alberta's greatest newspaper should be your logical choice. A Western newspaper for Western Canadians, publishing every day all the news that is fit to print. Buy it from your local subscription agent or direct from the publishers. A year's subscription by mail costs you less in actual money than the white paper which is used to print it on. Your nearest postmaster will take your subscription or W. Whitworth, Macleod; Mrs. M. Harrad, Brockton.

WEATHER DIARY, 1920

(Report by W. J. Ryan)

Feb. 11—Ash Wednesday. Shadows with cold.
Feb. 19—Snowing during right, soft and heavy snow; snowing off and on all day, 7 inches of snow.
Feb. 20—Cloudy, 7 inches snow on ground; curling.
Feb. 21—Bright, frost, drip snow.
Feb. 22—Bright all day, not cold.
Feb. 23—Cloudy, not cold. Bonspiel curling; ice keen a.m., sticky during afternoon.
Feb. 24—Bright, not cold Bonspiel ice keen.

TABER LOSES TO MACLEOD IN A FAST GAME

Saturday night's exhibition was undoubtedly the fastest game which has been staged at the local rink this season. The ice was in excellent shape and the players in brilliant form.

Powers opened the scoring with a lovely rush aided by McParland and a few minutes later the redoubtable Hank stepped into the limelight with a rush from behind his own goal and evading the entire Taber team shoved one past Malo. By this time Taber had become accustomed to their surroundings and after a pretty piece of combination Davis eluded the eagle-eyed McDonald and cut Macleod's lead in half. Encouraged by this enterprise Douglas secured the puck shortly after the face off and evened the score. Their triumph was short lived however for Levasseur taking the puck from Inglis rammed down the ice at a fast clip shot from near the red line on to Malo's pads was onto the rebound like a flash and Macleod regained the lead 3-2. Not to be outdone by his team mates Murphy stepped out and with a flash of his old time speed netted the rubber for the fourth count which ended the scoring for the first period.

In the second period Taber seemed to have secured a new lease of life and kept pecking away at the Macleod goal wherein McDonald had the time of his life. The strain was too great, however, and Inglis beat him with a wicked shot from just inside the line. Practically half of the second period had elapsed before Powers had slammed in a hard one on Malo and Levasseur slid the rubber into the twines on the rebound. There was a further attack on the Macleod goal which kept the defence busy but scoring was prevented until near the close of the period when McParland followed by Davis swung through the entire Macleod team and unloosed one at McDonald which nearly burnt a hole in the net.

The final period was fast enough with Macleod having the bulk of the play. Levasseur celebrated the occasion in great form, skating like a wild man, tearing off whirlwind rushes and returning for back checks at the same pace. He monopolized the Macleod scoring in this period putting in three notches in his stick although he was ably supported by McParland and Powers. One of the goals was disputed and after much discussion play was resumed but this delay put a damper on the proceedings and Macleod having the situation will in hand eased up somewhat and Douglas and Inglis scored for Taber, the final count being 8-6. Taber has lodged a protest in respect of the disputed goal, but this cannot alter the ultimate issue.

The Line-Up

Macleod	Goal	Taber
McDonald		Malo
Murphy, Fritz	Defence	Carleton, McParland
	Centre	Davis
Powers	Wings	
Levasseur		Douglas
McParland		Inglis
Subs: Macleod—Byrne, Hammond; Taber—Bodie, Van Orman. Hargreaves, referee; Blue, judge of play.		

FOURTH FREE CONCERT BY THE WORLD'S FAMOUS ARTISTS

SMART

"The gentleman who came to see papa while you were away said I was the smartest child they had ever known, and each gave me a quarter." "Oh, that pleases mother very much. You recited for them all the nice pieces you know?" "No. I said I knew a lot of pieces, and then I didn't recite any." Kansas City Star.

MAYOR FAWCETT AND COUNCILLOR MORRIS REPORT TO COUNCIL

At the regular session of Macleod council held last Monday evening there were present: Mayor Fawcett, Councillors Morris, McNichol, Thewlis, Gardiner and Secretary Brown.

After routine of adopting minutes of previous meeting, grants to public and separate schools were passed as also a number of accounts, after which unimportant communications having been dealt with, the auditor's report was submitted. Some discussion was indulged in regarding the deficit shown by report in light and water departments. This deficit does not exist in fact, according to Supt. Pearson, but should be chargeable to new material, and is misleading to debenture holders. The deficit in the waterworks department is \$6,000, and in the light department \$3,000. A foot-note will be appended to the auditor's report when published which will afford satisfactory proof of no deficit, but rather expenditure to the above amounts in new material effecting economies on operation justifying the expenditure.

The auditor's report was referred to the finance committee.

Mayor Fawcett and Councillor Morris reported on their activities at Edmonton last week, whither they had gone to make representations to the Department of Education re increased grants to high schools and to get consideration accorded a plan to cancel sub-divisions of Macleod.

These sub-divisions, like any other town or city in Alberta are an expense to the town municipality in excess of revenue, besides making considerable trouble in office routine. Mayor Fawcett and Councillor Morris reported having waited on Milton Martin, a sub-division commissioner appointed by special act of recent legislation, and having arranged with him for a hearing at Macleod (of which official notice will be given later) when application for cancellation of Macleod sub-divisions will be made and an adjustment of the vexatious question arrived at. All sub-divisions will be involved in this cancellation except possibly a portion of Riverside Park on which buildings are located.

The delegation also met H. E. M. Evans, a member of the Municipal Finance Commission (who visited Macleod last spring), and discussed with him the estimates for the coming year.

Mr. Evans expressed himself as particularly well satisfied with Macleod's financial showing for 1920, and was pleased to note that the 1920 council had been returned to continue economies instituted by them.

In the matter of increased grants to high schools the delegates met most of the provincial cabinet in a special session according them (with delegates from other points) a hearing of about three hours. G. P. Smith, minister of education, made it clear that grants to cities were as heavy as necessity demanded, but admitted that a re-adjustment in grants to towns was necessary in all fairness, especially in view of the burden of outside pupils attending for whom fees had been abolished.

The delegates generally feel satisfied that increased grants will be forthcoming.

The delegates from Macleod received every assistance and consideration possible from the local member, George Skelding.

On motion of Mayor Fawcett, seconded by Councillor Morris, a sitting of the sub-division commission will be held in Macleod on a date to be announced later.

Mayor Fawcett instructed the finance committee to meet during the coming week and deal with the estimates. Adjournment.

MACLEOD MARKETS

Below are given grain and produce market prices in Macleod, the grain quotations are those current up to 3 o'clock on Thursday of each week, and produce markets are Thursday morning's quotations each week:

Grain (Quotations by courtesy of J. J. Burke, manager Alberta Pacific Elevator Co., Macleod.)

Syrup of White Pine and Tar for Coughs

R. D. McNay

TO ELECTRIC LIGHT CONSUMERS:

Do you know that out of every 18 cents you pay for Electric Light, 14 cents goes to pay interest and sinking fund on the money borrowed to build the plant, pole lines and to meet salaries, wages and office expenses? In other words fixed charges which do not change whether you use a great deal or very little. The only difference the consumers make is in the fuel, oil and repair bills, these amount to only four cents, after we have taken in enough money to meet our fixed charges five cents per K. W. H. will cover the rest and we will sell you current for just that amount after you have bought sufficient to cover your share of those fixed charges. Electric Washing Machines, Percolators, Toasters and Heaters are mighty nice around the place and we will sell you the current to operate them at cost. Information will be gladly given at the

Quaker Jam is Fresh

You may have noticed the fruit in Quaker Jam has the freshness and flavor it had in June. It is not allowed to wither an instant, the kettles are ready, it is rushed off and put up within an hour or so after it ripens, just the way your grandmothers used to handle it. That is the reason Quaker Jam is so good.

NOTES FROM POTATO GROWERS' CONVENTION

The Potato Growers' Short Course and Convention, held at the University of Alberta, concluded a four days' session on February 11th. Throughout the session a large number of interested growers from the Edmonton district, and more distant points, listened to a series of progressive lectures dealing with the various aspects of production and marketing of potatoes.

Growers were impressed with the fact that the business of growing potatoes must become specialized and that certain principles founded on science must govern in cultural, fertility and marketing practices if potato growers are to receive the most profitable returns. The lectures dealing with the plant and its culture showed that the potato plant was highly organized and required more than ordinary attention, but given this it would respond quickly and generously. Our soils are naturally very fertile and well suited to this crop. The three most essential fertilizing elements, nitrogen, phosphorus, and potassium are found in quantity in our soils, but the liberation of these into valuable plant food by the soil flora is greatly assisted by stable manures which add millions of active organisms to the soil. For this reason stable manure is the best and cheapest form of fertilizer for potatoes.

The relation of potatoes diseases to yield, and the methods of control received the attention they deserved. Potatoes diseases, although comparatively rare in Alberta, are present in variety and quantity sufficient to cause millions in loss to the province if not properly controlled. Proper seed treatment and crop rotations are important, but the use of certified seed and the individual seed plot are the only recognized means to efficiently combat the more serious degenerating diseases. Leaf Roll and Mosaic. The seed plot also offers the best opportunity to obtain and maintain the highest yielding and disease free strains of seed tubers. Caution must be exercised in the introduction of seed potatoes from outside sources because of the disease problem. The better course is to produce our certified seed at home when the finest conditions prevail for growing seed of the highest vigor and quality.

Growers were told that the University of Alberta is prepared to assist them in obtaining certified and registered seed, and they were invited there to make use of the University to get information regarding the suitability of varieties, culture, and potato diseases. Three circulars have been prepared for potato growers by the Department of Field Husbandry entitled, "Potato Diseases," "Methods in Potato Culture," and "A Classification of Potato Varieties," respectively.

The success of the convention and the work that is being done by the University in this field is best indicated by the following resolution. "We, the members of the Edmonton District Potato Growers' Association, thank the University of Alberta for the Short Course for Potato Growers and express our heartfelt appreciation of the work done by the Department of Field Husbandry in the co-operative experimental plots during the past season. We hope that this co-operative experimental work will be continued, and we hereby pledge ourselves to do all in our power to further this work, and we request that the University take charge and supervise this work in the future as it has done in the past."

He who courts public favor must also accept public criticism.

"THE LUCK OF THE IRISH." A SCREEN CLASSIC

At the Empress Theatre Monday and Tuesday is an Allan Dwan production, "The Luck of the Irish." It is the adaptation of the book by the same name written by Harold MacGrath, which had a wide circulation and was one of the "six best sellers."

The story deals with the adventures of an Irishman, William Grogan. He is a man of great physical strength, but good natured, playful, and with a keen sense of humor. He delights in watching the feet of passers-by from the basement window of his shop. He learns to know them. One particular pair of dainty feminine feet command his special attention, and he watches for them. Grogan is sure that the owner must be a school teacher in a near-by school, because on Saturdays and Sundays and during the summer months, he misses the familiar step.

Grogan inherits a fortune and starts out on a sight-seeing trip around the world. On board ship he sees the same feet and meets the owner. The Kid who is with him recognizes her as his school teacher and introduces Grogan to Miss Ruth Warren.

Ruth Warren is making the trip to get away from Colburn, a millionaire and one of life's wasters. She jilted him when she learned of his insincerity. On board the same ship is Camden, Colburn's jockey, who has instructions to follow the girl. Telling the rest of the story will detract from the picture, which is full of intrigue, romance, love, laughter and fights. "The Luck of the Irish" deserves to be called a THRILLER.

James Kirkwood, the screen favorite is seen at his best in the character of William Grogan. Anna Q. Nilsson makes an adorable Ruth Warren. Her poise, grace, acting and personality put her in the front rank of screen stars. Ward Crane as Norton Colburn and Harry Northup as Camden make an excellent team of villains. Ernest Butterworth as the Kid is a great laugh provoker.

"The Luck of the Irish" is a great screen play of extraordinary merit and is a sure-fire entertainer.

LOUIS BENNISON UPSETS TRADITIONS IN "A MISFIT EARL"

Louis Bennison knows how to pursue the makings of a laugh in every situation in which he finds himself. This talent is delightfully exploited in his latest Betzwood production, "A Misfit Earl," by Wilson Bayley, which Goldwyn will present at the Empress theatre, on Friday and Saturday.

The star finds himself heir to the fortune of an English lord and decides to sail for England to claim his share of his ancestor's estate. Knowing nothing of continental conventions and caring less, Louis Bennison as Jim Dunn arrives at the castle and is greeted by a formal line of servants. His loose-fitting Western cowboy costume impress the old servants with the thought that they are receiving a dangerous character, one who would stop at nothing to satisfy his desires. Consequently, their obsequiousness is more noticeable than on ordinary occasions. And to one with the simple habit of always waiting on himself, their all too evident desire to serve amused and disgusted Jim.

At dinner in the huge dining hall butlers and waiters were jumping over each other to anticipate his every wish. But a large room with a large table, and no company but mute servants, wasn't homey enough for the hero. Beyond the door he heard the subdued laughter of the other servants at their evening meal, and the sound upset all his interest in the food set before him. So, in real Western style, he forgot his new position, made a hasty exit to the servants' quarters, cordially invited himself to their table, and began to amuse them with tales of cowboy life on the Western plains. Their shocked looks did not escape him, nor did they disturb him in his desire for company. Finally they caught his point of view and decided to be "American" at least for this meal. They were helpless anyhow, and their former lord and master was powerless to curb the whims or to direct the movements of this strange American in cowboy regalia. In the end they forgot their training and enjoyed the company of the new "master" by accepting his companionship in the spirit in which it was given. However, until Jim convinced them of his intentions, many shocked servants had a chance to take part in some of the most amusing situations in which Louis Bennison has ever found himself.

THE ROCKIES

Ye gaunt grey pillars, towering towards Heaven,
Majestically Ye stand . . . Nature's sentinels.

Laughing to scorn, storms that time has driven,
Sounding on your great sides, life's many knells.

Strange tales ye could unfold, could ye disclose them,
Relating weird stories of romance, Nature's great conflict, 'gainst the force of Man,

Stories to make the whole world stand askance.

Yet Ye are silent, only your echoes speak.

Of days now past, when Nature reigned supreme,

When primitive mankind, your secrets did not seek—

Your hidden wealth and power was but a dream.

No thought was given then . . . behind your visage grim

Of unknown wealth, there for the seeking.

They heeded not the roaring canyon's hymn,

Of wondrous powers beneath their waters keeping.

Valleys so green, where Nature's children gathered,

Where deer and bison browsed 'neath peaceful sky.

And on your green fir'd slopes—the bear and wolf

Found sanctuary, free from danger's cry.

In silvered streams, rushing from your height—

The lazy trout 'neath a sunlit sky. Moves leisurely along in mirrored pools so bright,

Like silver'd nuggets, floating gently by.

And o'er your white capped crests, the goats and sheep,

Spring from peak to peak in shifting snow.

As if the hands of Providence, their footsteps keep,

Saving them from death, swift death, below.

And on your plains . . . The Redskin wanders o'er—

In tented beauty, his teepees may be seen,

Unfetter'd ever by the cares that are, The world he knows . . . The Prairie green.

Speak, Oh, speak, dumb guards of Nature's realms,

Reveal your hidden treasures to mankind,

The winds reply, with voice that overwhelms,

"Beware the secrets of the Master Mind."

STRONG COMMITTEE WILL CONSIDER COURSE OF STUDIES

All the arrangements for re-drafting the curriculum of the elementary schools are now complete. The initial work will be in the hands of a widely representative committee of fifteen persons, mostly laymen. An effort has been made to have widely varied opinion represented and where there was a regular organization the executive of that organization was asked to choose its representative.

It will be the business of the committee to consider the recommendations of the various organizations received by the Department during the year, to determine on broad general lines the scope and content of the course of study, the subjects to be included in the new course, whether there shall be any differentiation between the course prescribed for rural and that for urban schools, and whether any new subjects are to be added. This committee will meet at Edmonton on Tuesday, March 1st.

The personnel of the committee is as follows:

G. F. McNally, Edmonton, Supervisor of Schools for the Province, Chairman.

P. Baker, Ponoka, Vice-President of the U. F. A.

Mrs. R. B. Gunn, Paradise Valley, Director of the U. F. W. A.

Mrs. A. H. Rogers, Fort Saskatchewan, Secretary of the Women's Institutes.

Walter Smitten, Calgary, Secretary, Alberta Federation of Labor.

Chas. E. Peasley, Medicine Hat, Principal, Elm Street School.

H. J. Spicer, Calgary, Principal Sunalta School.

H. A. Malcolm, Innisfail, Rural School Trustee.

W. A. Hamilton, Lethbridge, School Trustee and Member Executive of Trustees' Association.

J. T. J. Collinson, Edmonton, Member National Council of Education.

J. E. Wodell, Calgary, Editor Farm Edition of Calgary Herald.

John Howey, Edmonton, Editor Edmonton Bulletin.

Dr. A. M. Scott, Calgary, Superintendent of Calgary Schools.

John W. Russell, Camrose, Inspector of Schools.

J. A. Valiquette, Calgary, President Associated Boards of Trade.

For more than a year, upon the invitation of the Minister of Education, public bodies and organizations throughout the Province have been studying this question. All have been urged time and again to give the Department, for the use of this committee, the benefit of their views. Many have responded. The committee has been selected by representative organizations in the most democratic way possible. The findings of this committee should be the resultant of widely varying individual opinions made applicable to the actual conditions to be met in the Province. Professional committees will be appointed later to carry the work to completion in consultation with the general committee.

Similar plans are under way for a thorough rebuilding of the curriculum for high schools as soon as the elementary revision has been completed.

EXPERIMENTS IN CO-OPERATION WITH POTATO GROWERS

Last summer the Department of Field Husbandry of the University of Alberta carried out a series of potato experiments with the Edmonton District Potato Growers' Association, and the observations made were highly valuable and satisfactory. So important were the results that the organized potato growers not only expressed their keen appreciation publicly but unanimously passed a resolution requesting the University to continue the work for at least another year.

The experiments were carried out on the farms of eight of the Association's representatives. Each plot was distinguished from the others by some important difference such as soil temperature, soil moisture, fertility, etc. This fact made possible a variety of conditions which would make the results nearly representative of the average conditions in the Edmonton District. The chief object of these experiments was to find a suitable variety of potatoes which the Edmonton Potato Growers' Association might safely adopt for co-operative marketing. A suitable variety includes high cooking quality, good shape, high

Nothing Like Internal Bathing for Constipation

If people only knew what Internal Bathing is doing for thousands of others there would be fewer pills and laxatives swallowed, and very much less suffering from Constipation and the accompanying Stomach and Nervous troubles resulting from it.

J. A. Darrach, Copper Cliff, Ont., writes: "I have been using your J. B. L. Cascade for the past three months, and am convinced that it is the most modern and scientific method of dealing with constipation that has ever been devised, and I will lose no opportunity to promote its use among my friends, as I can speak truthfully and enthusiastically as to its merits."

By the proper application of Nature's cure, warm water, by means of the J. B. L. Cascade, the lower intestines are kept free from all poisonous waste. Drugs force nature. Internal bathing assists her.

Dr. Chas. A. Tyrrell, of New York, a specialist on Internal Bathing, invented and perfected the J. B. L. Cascade, which has done more during the past 20 years in restoring health and lessening disease than all other means combined.

Ask A. D. Ferguson, Druggist, Macleod, Alta., for booklet "Why Man of Today is Only 50 per cent. Efficient." He will also be pleased to show and explain the J. B. L. Cascade to you, or write to Tyrrell's Hygienic Institute, 163 College Street, Toronto.

yield and disease resistancy. These points were given careful attention.

Space does not permit of a detailed statement, but some other divisions of the work include:

1. The set conditions most favorable to high yield.
2. The set conditions most favorable to Common Scab, also Rhizoctonia.
3. The relative susceptibility of the varieties to Common Scab and Rhizoctonia.
4. A study of Mosaic, Leaf Roll, Black leg and Spindle Sprout.
5. The relative cooking quality of the varieties.

The main observations, some of which cannot be entirely conclusive from one year's work are as follows:

1. Soil moisture and soil temperature largely control the amount of scab which may develop on a crop.
2. Most potato soils, even if virgin, normally contain scab organisms and that continued planting of potatoes on the same ground will quickly increase the scab infection in the soil.
3. The conditions that favor the presence of Rhizoctonia are very similar to that of scab.
4. Irish Cobbler yielded 307 bushels per acre of marketable tubers, or 33 bushels more than Early Ohio. Irish Cobbler also exceeded Wee McGregor by 37 bushels; Early Favorite by 38 bushels; Carmen No. 1 by 47 bushels; Prairie Flower by 55 bushels; Up to Date by 61 bushels and Table Talk 51 per cent.
5. The cooking test of the varieties, kindly conducted by Miss M. Patrick, Head of the Department of Household Economics, gave the following scores: Early Ohio, 85 per cent.; Irish Cobbler, 82.5 per cent.; Early Favorite, 71.6 per cent.; Wee McGregor, 62 per cent.; Carmen No. 1, 56.5 per cent.; Up to Date, 54.5 per cent.; Prairie Flower, 51 per cent.; and Table Talk, 51 per cent.

The cooking scores of the varieties from early plot gave interesting results: Irish Cobbler and Early Ohio consistently scoring high, while those obtaining lower scores, especially the four lowest, were consistently low. These low scored varieties were waxy and in many cases soggy and sweet. Wee McGregor showed the greatest variation in quality giving a high score in two instances and a very low one in others.

Common Scab evidenced its usual freakishness. The popular idea is that scab cannot occur on land where potatoes have not previously grown. This idea was entirely dissipated because on two plots which were virgin soil, one had about 20 per cent. of scab, while the other had only a trace. An investigation of the data revealed the fact that the plot having 20 per cent. of scab had a very high temperature during the season and was also fairly dry. The plot having only a trace was both cool and moist.

Another interesting comparison of plots, which were not virgin, brings out a similar case. One lot had never grown potatoes before but had about eight tons of manure applied previous to planting. This plot had about 4 per cent. of scabs, and the date indicated that both dry and hot conditions were present. The other plot had grown both potatoes and beets preceding and also had a quantity of manure applied each year. Only a trace of scab developed here, and the data indicated that both moist and cool conditions prevailed during the main growth season.

Many interesting observations were made in relation to scab and the other diseases of the potato crop, also on cultural methods, but enough has already been said to indicate the value and the possibilities of this co-operative experimental work with potato growers.

RATHWELL RIPPLES

The roads throughout the district are not in the best of shape for vehicular traffic owing to the recent heavy fall of snow, therefore the old fashioned "jumper" is everywhere in evidence. The storm came without any warning and was accompanied by a great fall in temperature. At present moisture in any shape is welcome, the fields being bone dry, therefore in poor shape to facilitate early spring work.

An old Indian has predicted a wet year. We hope his prognostications may be verified. If they are then the coming season will be but the forerunner of many others of a similar nature and that would be fine.

The Girls' Club concert held on Friday evening of last week proved to be a most enjoyable affair. The Rev. Mr. Day's moving picture show was splendid, the pictures being clear-cut and very distinct. The kissing scene shown was highly instructive, a gentleman afterwards remarking that they did things in that line better in the older countries than out here, but we don't know so much about that. At the conclusion of the moving pictures Rev. Day was tendered a hearty vote of thanks to which he feelingly replied, saying his services were always at the Club's disposal. The music was good, being Mr. Don White, violin; Miss White presiding at the organ. The program was short but very select, being: song by Mr. Don White, "The Sunshine of Your Smiles" which was well received; an exhibition of club swinging by Miss Cissy Young; a school scene enacted by Misses Clarke and Young, entitled, "When We Were a Couple of Kids," was very well rendered; also a recitation "Lord Kitchener," by Miss Doris Watson, which brought vividly to mind the death of that great soldier. Mrs. Horner, who organized the Club, is to be congratulated upon the success of the concert, the hope being expressed that it will be repeated at some future date. Afterwards a dance was indulged in, a number of townspeople attended, but the Ridge contingent did not materialize owing to the bad condition of the roads. Mr. Jesse Johnson acted very efficiently as chairman during the evening.

Many miles of fencing went down during the big blow, caused by large

quantities of Russian Thistles being piled up against the wires. It will mean a great deal of work to repair the damage.

Mumps, or a disease closely akin to it, has been prevalent for some weeks. A peculiar feature of the outbreak is that it affects both old and young alike. A precaution to be taken by those affected is to remain indoors during the period of infection, otherwise a relapse takes place, when the patient becomes very much worse.

Several valuable horses have been lost during the winter, violent colic being the main cause of the trouble. It is thought that feeding around the straw stacks is the cause of the trouble.

Mr. H. Bates attended the I.O.O.F. Grand Lodge meeting recently held in Calgary. The report brought in by the secretary showed that Oddfellowship is spreading at a very gratifying rate. This is good news. We are told that over \$7,000,000 were spent in relief work during the year just past. This, we are told, is at the rate of about \$14 a minute, night and day, during the whole of that period. The I.O.O.F. is easily the leading fraternal organization in the world today.

Mr. J. Johnson has returned home and reports a most successful meeting of the Trustees' Convention recently held in the city of Calgary. "Consolidated Schools" came in for a large share of the discussion at that meeting, but it is not likely there will be any change made in the present conditions, at least not for some time to come, it being the general opinion that the time is not opportune for such a change, high cost of operation and lack of population being urged as reasons when no change should be made. But wait till we get this district under irrigation and every 10 or 15 acre block of land is supporting a family. Then we shall see a large central school erected, a bus to carry the children to and from school and money will be easily forthcoming for the maintenance of all these much needed improvements. By gorry, that's right.

A large number of young people attended the party held at the home of Mr. and Mrs. Charles Clarke, Rathwell, a week ago. Mrs. Clarke is an ideal hostess and in her cheery manner made everyone instantly at home. Games had been provided for the occasion, but as the home is provided with a splendid hardwood floor, and as Jim Gemill was there with his trusty violin, with Mrs. J. Storey at

the piano, dancing easily took the leading place. Refreshments were served at midnight, after which dancing was resumed and kept up until an early hour. The party was voted one of the best of the season.

Envy is an indication of inferiority.

It is a "grave" offense to call a man a dead one.

One way to save your face is not to stick it into other people's business.

The high cost of living is due to the fact that so many want it.

THE WHITEHALL GROCERY

HAROLD MacGRATH'S "THE LUCK OF THE IRISH," AN ALLAN DWAN SCREEN VERSION, TO BE PRESENTED AT LOCAL THEATRE

Manager Cutler of the Empress Theatre has made arrangements to present Allan Dwan's newest production, "The Luck of the Irish," as the chief attraction for his theatre next Monday and Tuesday. The story is a visualization of the book of the same name written by Harold MacGrath. It is replete with romance and adventure, bewitching scenes of the Orient, and furious fist fights. It is full of pep and punch, love and intrigue. In producing the story for the screen, it was necessary to build more than forty huge sets, exact replicas of New York streets, the turrets of Naples, a portion of St. Mark's Cathedral in Venice, a section of the city of Cairo, interiors and exteriors of various sections of Singapore and many others scenes of equal size and elaborateness. A private yacht and an ocean liner figure prominently in the filming of "The Luck of the Irish." James Kirkwood and Anna Q. Nilsson enact the principal roles and are supported by a selected cast of well-known screen and stage artists.

A QUESTIONABLE POLICY

Information has reached the Macleod Times that a number of mortgage companies are starting foreclosure actions against farmers of this district who are well established in long residence and honest effort to meet obligations, and who are in arrears only on mortgage interest now, solely the result of unfortunate crop returns during the past two years. It is not our province to advise these companies as to business procedure, but will not such action on their part tend toward loss of future business in this district, and in insisting for payment of their pound of flesh the outcome may be holdings by the companies of lands, involving a period of non-production, thus injuring the district in which, doubtless, they have an aggregate of large investment on which they hope for returns.

THOUGHTS ON THINGS.

The citizens of a town make or ruin its property. A town is not like Old Uncle Tom's Topsy. It won't "just grow." It has to be cared for like a hot house plant. Its people must talk its advantages, push its good points, and set forth its location and adaptiveness for whatever purpose it is best suited.

Weeds spring up unseen and flourish unattended, but a field of corn must be cultivated. So it is with villages, towns and cities. Someone must work to pull the community out of the slough of lifelessness.

The live town is alive because its citizens are alive. The more pep they put into their jobs, the better for the place. Three or four good workers can raise a town from the dead. In the last fifteen years cross-road settlements have become flourishing villages, moribund villages have grown into the city class. Regardless of natural advantages somebody hustled to bring about the growth, in each instance.

And did these hustlers have the cheerful assistance of their neighbors? Nay, nay, Brother. The neighbors

OXO Cubes are a wonderful invention they contain just those elements which nature needs to make good the wear and tear of daily life. A cup of OXO, with a biscuit or two, sustains for hours.

Pure Beef Cubes

Neighbors stood around and kidded and knocked. There was never a leader from the time of Noah down to the present who did not have to hear the scoffs and sneers and taunts of the ingrates he was trying to help. The town hustlers who are up and doing get no encouragement from the members of the hot stove cabinet. That is why some towns stand still.

The man who pays his debts and his taxes may be a blessing or a curse to the community. It depends on what else he does. In making this statement it is understood that by the word "debt" is meant the ordinary cash obligation which a man incurs in the transaction of his business. There are men who appear to believe that so long as they are not indebted to their neighbors for goods purchased, or to the municipality, or the state for the last tax levy they have discharged their whole duty and nothing more can be asked of them. But in reality a man's duty to his neighbor is limited only by his power to do his neighbor good, and his duty to the community by his ability to be of service to it. The community in which the prevailing statement is, "What do I get out of it?" is one which does not and cannot prosper.

How many of you who read these columns every week realize how much this newspaper is a part of your town? If a town were to check up its assets, chief among them would be its newspaper. It is the one common possession. No matter who owns the stock of the company that publishes it, or who sits in the editorial chair, the newspaper belongs to the people. Who can a newspaper do for a town? It can do more than any one agency to insure unity of purpose and advancement for the town. With it in thriving condition every industrial, social and moral movement is assured of effective leadership. Without a newspaper a town is silent and dead, for silence, however golden, is lifeless.

Advertising seems to be an art yet to be discovered by some people—at least the practical part of it. A constant stream of water from one or more fire engines will soon extinguish or get under control, a very large fire, while a few buckets of water, dashed on here and there, have little or no effect. The modern fire department is practical and has outgrown the bucket system. So it is with modern advertising—plenty of it, used in a practical, common sense and judicious manner, pays.

Haven't you seen these people who are always looking for someone with a pull? To help them out and "give them a chance." Little do they realize that the best pull is push.

Don't be a knocker. Hide your little hammer and try to speak well of others no matter how small you may really know yourself to be.

The happiest memories of later life are the happy moments spent at and

over mother's knee.

Women won't do for lawmakers. They would be too easy in making laws for the government of men.

It's sometimes laughable how a person will study the outside of the envelope to try to guess what's inside.

It's not so much what a man earns as the ratio of his salary to what he spends in living.

People who pretend to be happy at least save a whole lot of unhappiness for others.

The looking glass makers will go into a combine. It is time for the people to stop reflecting and get busy.

A smile improves a man's appearance if it isn't of the kind that is likely to slop over.

For quick results it's better for a girl to be popular with only one man at a time.

ALBERTA WINS PRIZE

Mr. H. H. Young, the local representative for Delco Light, received the confirmation of the telegram recently sent to Calgary from the Delco Light Co., as follows:

"Dayton, Ohio, Jan. 17th, 1921.

"Bruce Robinson Distributors, Ltd.,
"307 8th Avenue West,
"Calgary, Alta.

"We send you our hearty congratulations on Province of Alberta leading entire sales for the world in six months' contest with one hundred forty six eighth-tenth per cent; quota, thus winning silver loving cup and thousand dollars in gold.

"Delco Light Company."

This speaks well for the sales force in this division and also goes to show that the farmers are realizing the advantages and time saving with electricity on the farm.

OUT OF HIS SENSES

There was a man so blind that he saw nothing, could not even see

A point of law;

One day he got a joiner's kit,
With hammer, chisel, bracing-bit,
Plane, axe, and—Saw!

Some folks get speechless of a night,
I knew one dumb in broad day-light,
Ne'er silence broke.
When cycling, o'er a tack he went,
Punctured his tyre, and also bent
A wheel and—Spoke!

To have no feelings is no good,
And Bill had fingers dull as wood
Or rubber belt;
He got a hat, to make them deft,
Plucked off the lining, band, and left
The shape and—Felt!

You all have heard of Mutt and Jeff;
But not that one was one time deaf—
Upon my word.
You're sure to get an awful shock,
For once he met a single flock
Of sheep, and—Herd!

Deficiency of smell they say
Characterises some today;
I cannot tell.
But shoot a hare or grouse and let
It lie about, and soon you'll get
The game and—Smell!

NEW "CANADA WEST" BOOKLET

The Macleod Times has just received a copy of a new "Canada West" booklet from the Publicity Branch of the Department of Immigration and Colonization, Ottawa. The booklet gives an accurate description of Manitoba, Saskatchewan, Alberta and British Columbia, particularly with respect to opportunities for farmers. There are many illustrations, and double-page maps in four colours of each of the Provinces and of the Dominion.

The "Canada West" booklet has been prepared especially for circulation amongst persons in the Old Country who would be interested in becoming farmers in Western Canada. Any reader of this paper may have copies of "Canada West" sent to his friends in the Old Country who are contemplating coming to Canada, by sending their names and addresses to the Director of Publicity, Department of Immigration and Colonization, Ottawa. No charge is made, either for the booklet or for postage on it.

Accepting as the truth the oft made statement that it is a disgrace to die rich, there are other and more trifling impediments in our journey towards the pearly gates that are a greater source of worry.

AUCTION SALE OF FARM PROPERTY

Pursuant to the Order of the Court in a certain action in the Supreme Court of Alberta, Judicial District of Macleod No. 1168 there will be offered for sale by public auction in front of the Court House in the Town of Macleod in the Province of Alberta on Saturday the 12th day of March, A. D. 1921, at the hour of 12 o'clock noon the following lands and premises:—The North-west Quarter of Section Sixteen (16), Township Nine (9), Range Twenty-four (24), West of the Fourth Meridian in the Province of Alberta, subject to the reservations contained in the original Grant from the Crown and in the existing Certificate of Title.

The Vendor is informed that there is on the above described property a house, one story, frame, shingled, 12 x 25 and that the property is all fenced with a two strand barbed wire fence in a fair state of repair. That the property consists of 160 acres of which about 60 acres have been broken and the balance is good arable land.

The property will be offered for sale subject to a reserved bid which has been settled by the Court.

TERMS:—Ten per cent deposit at the time of the sale and the balance within sixty days without interest.

Further conditions of sale will be read at the time of the sale or may be had from

Messrs. McDONALD, MARTIN & MACKENZIE, of Macleod, Alta., Solicitors for the Plaintiff.

Dated at Macleod this 10th day of February, A. D. 1921.

Approved:—

SALVATION ARMY NOTES

The meeting in the Odd Fellows' Hall was a real Salvation meeting. Though no souls were saved, some were under conviction, and God made His presence felt.

Y. P. Sergt.-Major Cocksan spoke from Mark 10:46 to 52, emphasizing the need of a soul being in earnest in seeking the Lord, Who is so much more willing to give than we are to receive.

O, that those who really know the Lord may so live that the work of the following verses may be verified in them:

O, that my tongue might so possess The accent of His tenderness, That every word I breathed should bless!

For those who mourn, a word of cheer;

A word of hope for those who fear; And love to all men, far or near!

O, that it might be said of me, "Surely thy speech betrayeth thee"

NOTICE—VETERANS

Call at the post office for cards of application for War Medals.

On account of the frequent changes of address the government cannot possibly keep in touch with each man.

It's up to you to forward one of the printed post cards obtainable at the post office.

(Sgd.) C. P. McGLADDERY,
Sec. G.W.V.A.

as friend of Christ of Galilee."

Salvation Army Demonstration is postponed. Watch for announcements.

Did you ever attend a red hot Salvation meeting? Why not get the habit of attending the services conducted by the two devil-drivers?

On Tuesday at eight p.m.
Thursday at eight p.m.
Y.P. on Friday at eight p.m.
Holiness meeting on Sunday at 11 a.m.

Sunday School at 3 p.m.
Great Salvation meeting at 7:30 p.m., Odd Fellows' Hall, band in attendance.

We believe in Salvation, Sanctification, Heaven and Hell.

LIEUT. R. BATTERSBY,
Commanding Officer.

Harold MacGrath's Best Seller,
"THE LUCK OF THE IRISH"
Photo Dramatized by Allan Dwan

In "The Luck of the Irish," the screen adaptation of Harold MacGrath's famous novel, which is the chief attraction at the Empress Theatre for Monday and Tuesday, Allan Dwan has given to the amusement-loving public a photodrama that promises to be one of the most talked-of productions of the present screen season. The action of the story starts in New York and moves to the other side of the world. Gibraltar, Venice, Naples, Cairo and Singapore are among the localities where the stirring action takes place. The story is that of a young Irishman who is touring the world. He falls in love with a girl who, too, is on tour but travelling alone. There is a shroud of mystery about her and he appoints himself her guardian and protector. As the tale unfolds he has ample opportunity for the use of his brawn as well as his brain. The action is fast and decisive the romance fascinating and thrilling. James Kirkwood plays the part of the hero Irishman, William Grogan, and Anna Q. Nilsson is the heroine, Ruth Warren.

What is "The Luck of the Irish?" Grogan says: "Two little tan shoes moving past his cellar window—a seventeen dollar meerschaum pipe and a ticket around the world in his pocket—and then, the owner of the two tan shoes—HIS WIFE!"

One great trouble with the morals of this country is that there are too many jails and not enough happy homes.

MASKED BALL AT PEARCE

The masquerade ball held at Pearce Schoolhouse on Friday evening, February 11th, proved to be a great success.

The music, rendered by Miss Margaret Watson and Mr. Ryan, was par excellence.

A great number were present from the surrounding towns and districts, and of course Pearce itself was fully represented.

Exceptionally good taste was exhibited in the originality and variety of costumes worn by the dancers.

The floor was in splendid condition and everyone present came with the intention of thoroughly enjoying themselves.

The supper deserves special mention. Those who have ever attended a Pearce dance, know what wonderfully delicious cakes are always concocted for such occasions. An unlimited supply of these delicacies with first class coffee and sandwiches were served. During the supper period several of those present entertained all with a few songs, after which dancing was resumed.

With such good music, an excellent floor and the sociable crowd which Pearce dances invariably draw, the result naturally, was what everybody had predicted—one of the best dances of the season.

The way some folks stretch their money you would think we already had elastic currency.

FARMERS TO COMBAT GRAIN SPECULATION

REGINA, Feb. 17.—At Wednesday's session of the Canadian Council of Agriculture in convention here it was decided to appoint a special committee to deal with alleged evils of speculation on the grain exchange. The council went on record as favoring disarmament, saying that preparation for war always led to war. R. W. E. Burnaby, United Farmers of Ontario, was re-elected president, and all other officers were re-elected by acclamation.

The executive committee for the year will be: J. A. Maharg, M.P., president of the Saskatchewan Grain Growers' Association; Peter Wright, Myrtle, Man., G. F. Chipman, of Winnipeg, editor of the Grain Growers' Guide, and C. Rice-Jones of the United Grain Growers' Limited.

Hon. T. A. Crerar is leaving today for Winnipeg and will leave the gateway city Monday for Ottawa. The special marketing committee reported progress on the wheat pool scheme and the discussion will be continued today.—Lethbridge Herald.

Criticism not, lest ye be criticised. Jeet to the same influences.

A man should protect the home, but he can't do it by staying there on election day.

Experience is a good teacher, but the most successful men are those who have made use of the mistakes of others.

THE HOME CIRCLE COLUMN

The Call of Mother

You are tired tonight. You expected this morning to have an easy day, but you have answered to the call of mother until the sun is set and its departing glory almost makes you long for the beyond. Now there are the children to be put to bed. Your limited circumstances may not permit you to have a nurse, but remember, you cannot keep them with you long and your patient service will be richly rewarded. Go lovingly, prayerfully; you know not when the last time may come. Death wounds deeply, even if we have been kind to our friends. Comb the golden tangle carefully, smooth the pillow and straighten the little dream-dress and laying your cheek close by your little darling's, listen to "Now I lay me," and then wait patiently for the ruby lips to slowly ask God for some wished for toy. Kiss a fond good night. In short, lock the door of the day gently and leave the child heart-happy. Let none of the shadows that come with ripper years slant athwart the youthful threshold of the soul. The weary foot that rocks the cradle may be lulling a future president or governor. Rock on fond mother; sing your lullaby. God has use for the frail humanity that smiles in its infant dreaming. Never let discontent enter your happy home. Keep a cheerful tone and a helpful hand and answer the call of mother.

Doubtless thousands of young people, and not a small number of older ones, wish every day of their lives that they could learn the secret of fascinating others by means of their graceful, exquisite manner. The secret is an open one. It is easy to learn that it lies all neglected by the wayside, while they who would give their dearest treasure to find it pass unknowingly.

It is only this: Fill your heart with good will toward everybody and then practice at all times the best manners you know, particularly at home. If you begin at home, this charming manner will, so to speak, get settled on you and never leave you. Be just as polite to your sister as you would to your best girl. Strive to gain the good will of mother, father, and brothers, and sisters, and children, exactly as you strive to gain good will abroad.

It is a great pity that a girl should ever think of marriage as a refuge, a means of support or as the main object of life. Such an attitude is bound to weaken character. A girl's ideal should not be marriage, but womanhood, as a man's ideal should not be marriage, but manhood. We do not talk of educating our boys to be husbands and fathers; we train them to be brave, true, pure and gentlemen, honest and active and industrious, knowing that such a man cannot fail to make a good husband and father. So it is with the girls. Train them to be earnest and independent, teach them to be self-supporting, make them accurate and responsible in money matters as delicate and refined in their financial sense as they are in their modesty; in other words, train them to be womanly women, and they will make the best wives and mothers the world has ever known.

It is her own fault if a woman is unloved and neglected. That is a harsh statement to make, but it is a fact. Mortal man is a weakling who can no more resist kindness than a rose can resist the sun. It is a weak, helpless woman's duty to make herself attractive and pretty in the very face of discouragement. Call it hypocrisy, tact, finesse, or by any other term, but she must turn in the edges and makes allies instead of antagonists of the people about her. Spotless neatness, becoming feminine attire, truth, kindness, cheerfulness, love, and the loyalty that restrains her from speaking ill of her neighbors will make many a woman lovely, even though she lacks beauty.

There are lots of Christians who worship their I-dol.

METHODIST CHURCH

Sunday, February 27.
11 a.m.—A Grandmother's Influence.
2:30 p.m.—Sunday School.

MACLEOD BONSPIEL RESULTS IN THE FIRST THREE EVENTS

The finals in the Shaw, Hudson's Bay and Granum trophies in the Macleod local bonspiel were played on Friday and Saturday last week. Baird winning the Shaw event, and Russell coming to the front for the other two as shown by scores on this page.

As an aftermath, the weather appearing favorably on Monday, two other competitions were launched—the Four-Bit—so-called on account of competitors coughing to that extent for prize money to be invested in prizes to be specified later; and the Macleod Milling Co. competition for which that concern offered four bags of flour to be contended for.

Personnel of Rinks
St. George, Pollard, Ringland, Russell, skip; Davis, Embury, Perkins,

Pringle, skip; Timleck, Doney, Morris, Kirk, skip; W. E. Gardner, Laycock, Huntley, M. Stewart, skip; D. Johnston, Butchart, Marks, R. W. Stewart, skip; Mercer, Merrick, McNay, McGladdery, skip; C. R. Johnston, Fansett, Kennedy, A. Young, skip; Marlow, Matheson, Baird, G. Stewart, skip; Whipple, Bawden, Winter, Struthers, skip; Lantinga, Walker, A. McDonald, Mackenzie, skip; Raitt, Dillingham, Day, Macleod, skip; Sparks, Underwood, J. W. McDonald, Dunn, skip; Maclean, Eckmier, Martin, J. O. Stewart, skip.

The draw in the Four-Bit competition was: Russell, McGladdery; Macleod, Dunn; Kirk, Pringle; Young, M. Stewart; G. Stewart, Struthers; (bye) J. O. Stewart; (bye) Mackenzie; (bye) R. W. Stewart. In this results up to the intervention of the chinook were: First round, McGladdery, Macleod; Kirk, Young; G. Stewart;

art, J. O. Stewart; Mackenzie, R. W. Stewart; the three latter getting into first round as byes. Second round: McGladdery, Young; G. Stewart, R. Stewart. Semi-finals: McGladdery, G. Stewart.

The draw in the Mill competition was: M. Stewart, J. O. Stewart; Macleod, Russell; Struthers, Kirk; Mackenzie, McGladdery; R. W. Stewart A. Young; (bye) Dunn; (bye) G. Stewart; (bye) Pringle. In this event the chinook of Tuesday night and Wednesday played the dickens with the ice before any of the first round got into action, and both above competitions depend for their completion on the stiffening up of the weather.

Folks who don't go to church because the pews are too narrow can't have their brains where they sit down, or they wouldn't be inconvenienced by narrow pews.

PERFORMANCE OF DAIRY CATTLE

A Holstein cow recently eclipsed all Canadian records for yield of milk and percentage of butter fact, according to Report No. 12 issued by the Dominion Department of Agriculture. This report gives the records of performance of all pure bred dairy cattle from April 1, 1919, to March 31, 1920. Also the standards of every breed, and a list of bulls qualified for registration. The names of the cows are given, and also those of the sire and dam, the owner, the breeder, age at test, date of calving, production required, total production, percentage of fat, the number of days milked, and, in the majority of cases the number of times milked per day. The last mentioned matter having lately been a subject of experiment at the Ontario Agricultural College, Guelph, and Macdonald College, Que., it is interesting to note that many of the Ayrshires were milked three times a day and some of the Holsteins four times. Of the Ayrshires the greatest yield for the year is credited to a mature cow owned by the Nova Scotia Agricultural College, Truro, and the best percentage of butter fat to a cow owned in Prince Edward Island. Of the Holsteins, the record yield for the year is credited to a mature cow owned by the Colony Farm, British Columbia, and the best percentage of butter fat to another British Columbian. Of the Jerseys, the first in point of yield is an animal owned at Edgefield, Ontario, while the best percentage of fat it attributed to a three-year-old owned in British Columbia. A four-year-

old Shorthorn owned at Buckingham, Que., claims the record for that breed in quantity of milk, and a two-year-old owned at Waterford, Ont., the highest fat content.

HUMOR IN THE SCHOOL

The teacher gazed sorrowfully at the small boy who stood in front of her. He was convicted of the heinous charge of stealing toffee from one of his school-fellows.

As it was his first offence, however, she did not desire to inflict corporal punishment—a moral lecture, she thought, would fit the case.

"Bear in mind, Bobby," she concluded, "that these temptations can be resisted if determination is used. Always turn a deaf ear to temptation."

The child gazed solemnly at her. "But teacher," he exclaimed, "I ain't got a deaf ear!"

HART-PARR 30 Is Now a Movie Star

PLAYS IMPORTANT PART WITH WILLIAM DUNCAN IN BIG SERIAL—"THE SILENT AVENGER." Read the Letter from Mr. Duncan, which follows:

THE VITAGRAPH COMPANY

LOS ANGELES, CAL.

Southern Border Motor Co., August 24, 1920.
204 N. Los Angeles Street,
Los Angeles, California.

GENTLEMEN: If I neglected to tell you of the wonderful performance of a Hart-Parr Tractor in one of my chapter plays, "The Silent Avenger," I would be unfair to you and lacking in appreciation of an excellent piece of machinery.

I duplicated the stern and propeller of an ocean liner in a tank 40 x 60 feet, containing 15,000 gallons of water. It was a difficult position from which to sustain power as the shaft was low and the resistance of the huge propeller in the water was tremendous.

But, as I visualized the scene of my story, my life actually depended on the performance of the motor I used. I had to be drawn toward the giant screw as it churned the water into foam. Control had to be absolute, because if the action of the water had thrown me too close to the wheel the result can easily be imagined. I wanted power that would turn that propeller at any speed I required and a motor that would stop on the instant.

I experimented with stationary engines. I couldn't get what I wanted. Then I tried the Hart-Parr Tractor.

The effect was ideal. The propeller speed could be controlled accurately and a perfect propeller wake was maintained. I exterminated the dangerous scenes required without undergoing unnecessary hazards.

I assure you that whenever I need power delivered under trying conditions I shall rely, as in this instance, upon the Hart-Parr Tractor. I congratulate you upon representing such a highly satisfactory machine.

Very truly yours, WILLIAM DUNCAN.

N. W. Dilatush, Local Agent

IRRIGATION BEFORE THE LEGISLATURE AT THIS SESSION

EDMONTON, Feb. 18.—There will be no split in the session of the Alberta legislature. Despite the impression which prevailed when the speech from the throne failed to make even a mention of irrigation, redistribution and prohibition, the whole legislative program will be proceeded with according to schedule, without thought of adjournment until the last bill is passed.

This too, despite the fact that it is now pretty well established that Premier Stewart will not be well enough to take his seat at any time during the session. While the premier's illness is regretted keenly on both sides of the house there is no disposition to let legislation lag. In fact, since it has become established that Hon. Mr. Stewart's complete recovery will be delayed longer than at first expected, there is a disposition on the part of the cabinet and government supporters to speed up, and "carry

on" without slackening their efforts in the least.

Will Settle Irrigation
It has now been pretty well established that, no matter what the government plans on the liquor question, which without doubt is the most delicate problem with which they are faced, there is no intention to waste time in getting down to fundamentals on the irrigation aid solution. The fact that F. S. Leffingwell, member for Warner, in whose constituency a couple of hundred thousand acres will eventually come "under the ditch," was chosen to second the reply to the speech from the throne, is indicative of the government's desire to bring irrigation before the house early in the game. Mr. Leffingwell in a well chosen speech, spoke of little else than irrigation, and the need for a definite government policy thereon without delay. That he did so with the consent of the government leaders goes without saying, and that just about means that the government irrigation policy was ready for consideration by the party caucus on Wednesday when the Warner member was speaking.

Caucus on Thursday
The Liberals did caucus on Thursday. Irrigation policy was the matter of particular import before the caucus. That the government policy on broad lines will be adopted is the generally accepted fact, and with the attitude displayed by the opposition last session on that question so important to Southern Alberta's future, it is pretty certain the whole house will accept the plan proposed.

An official announcement of the government policy and notice of the necessary amendments to the Irrigation District Act is possible within a fortnight.—Lethbridge Herald.

NEWSPAPER ADVERTISING GREATEST FACTOR TO BUILD BUSINESS

TORONTO, Feb. 23.—Advertising was the chief topic of discussion at the final session of the annual convention of the Ontario Retail Clothiers' section of the Retail Merchants' association of Canada here yesterday. Harris Vineberg of Montreal declared that one of the greatest factors in organizing a successful business was unquestionably the utility of newspaper advertising. A resolution was passed suggesting to the Dominion government that "if any further change in the method of collecting taxes for the purpose of this country paying its war debts, the tax to be made at the source of supply, namely, upon the manufacturer and importer, and that this tax be passed on to the retail merchant so that it could be absorbed in his cost."

Other resolutions passed included the following:
Favoring made in Canada goods, opposing the holding of sales in temporary retail stores by manufacturers and denouncing untruthful advertisements and recommending the prosecution of persons responsible therefor.—Lethbridge Herald.

COOTIE GARAGES MUST GO, STORE MANAGER STATES

WINNIPEG, Feb. 21.—A new war has been declared here amid much opposition from the fair sex. The "cootie garages" must go is the edict of a department manager in one of Winnipeg's large stores. He has issued orders that none of the female employees under his jurisdiction will be permitted to wear the "knobs" of hair over their ears which have been in vogue for more than half a year. Several young girls who violated the order were promptly sent home.

A couple of North Dakota land owners, while in Minneapolis a short time ago, bought a gold brick from one of the Flour City's frenzied financiers. The next morning the brick had turned to brass. They must have a peculiar atmosphere there to effect metal that way.

REACH & CO.

We Have Decided to Have a
GENERAL SALE
of Everything in the
DRY GOODS, STAPLES
FANCY GOODS, BOOTS
& SHOES, SLIPPERS
ETC., ETC.

Our aim was to sell out completely. But the money market forbids. This is a genuine BARGAIN SALE—the clerks have the cost mark—so you will in many instances buy goods at less than pre-war prices. At then wholesale cost. The only reservations will be to add 10 cents to the dollar. This will not represent to you more than one per cent for holding these goods and carrying over from year to year. We did at one time think of employing a general sales agency with their highly colored advertising and flowery descriptions, but this would have had to be added to the cost as they charge 10 per cent., then also charging for the cost of an extensive advertising campaign. Also marking up goods then with a red pencil cross it out, and put in a lower figure. By our method you have no need to pay for extra clerk help. You are not hurried. You can take your time as the sale will last two weeks. Commencing from the first of March you will never again see the cheaper goods of the past. High wages, less production, added cost of raw materials, cotton, wool, coal, and lumber prices and labour organizations will make this impossible.

Among the Bargains will be Stetson and Canadian Hats at old prices—**100 per cent saving**
Ladies Wool Sweaters, Voile and Silk Waists and Blouses. Special prices of union-made OVERALLS AND JUMPERS **at \$2.50 per garment**
These prices hold good during the sale.

Comforters, Blankets, Rugs—
at PRE WAR PRICES
Mens Stanfields Underwear—bought
before the raise. Have a Look.
There are lots of Other Things You
Want.

LOCAL AND PERSONAL

A THOUGHT FOR TODAY

Hard luck is a polite name for the sleeping sickness.

Miss Gertrude Genge has joined the Ryan-Watson orchestra.

Glen Barr, of Ardenville, was a business visitor in Macleod on Monday of this week.

Tom Dunkwater, of Bow Island, spent the past week with the home folks in Macleod.

J. Marks has suffered an attack of grippe during the past few days, but is now recovering.

Miss Mae Murchison, of Calgary, was the guest of Mr. and Mrs. W. J. Ryan over the week end.

The hockey club dance on Wednesday evening was a pleasant affair and called out a good attendance.

Little Isobel Morensh has been very ill during the past week with bronchitis, but is now recovering.

Mrs. J. McFarquhar, of Calgary, is a guest at the home of Mr. and Mrs. Geo. McFarquhar, on 18th Street.

Mr. and Mrs. James Young, of Lethbridge, spent Wednesday in town.

the guests of Mr. and Mrs. W. G. Andrews.

Harvey Muldoon, of Kaslo, B. C., is visiting at the home folks in Macleod on account of his father's serious illness.

The Rev. W. J. Merrick has received word of the sudden death of his mother, Mrs. James Merrick, of Bristol, England.

G. G. Anderson, consulting engineer, and H. B. Muckleston, chief engineer for the Lethbridge Northern Irrigation District, were registered at the Empire this week.

Arrangements have been made to have the Senators of Calgary try conclusions with Macleod hockey team here on the 28th of February. The Senators are a fast bunch and a good game is predicted.

Among those from Macleod who attended the Rathwell dance on Friday last were: Mrs. Lavell Shera, Miss Isobel Maclean, Mrs. P. A. Farquhar, the Misses McCrea, Mrs. Hickey and Miss Fern Hovis.

A letter arrived at Macleod post office lately, addressed to Miss Susan Black, care of Mrs. McLeod, No. 125, one hundred and fifty-sixth street, New York, Canada. How these big towns do shift about, eh!

The manager of the Macleod hockey team is endeavoring to arrange games with Nanton, Coalhurst, Pincher Creek and with the runners-up of the Crow Hockey League, to be played at Macleod in the near future.

The Times is twelve hours late in making its appearance this week on account of the illness of John Dillingham, machine operator of the staff, who has been suffering from bronchitis.

Mrs. O. C. Edwards left Macleod on the 16th, to attend the executive meeting of the National Council of Women, which is to be held at Niagara Falls, on the 23rd, 24th, and 25th of February. Before returning home,

MACLEOD — ALBERTA

Mrs. Edwards will visit in Toronto, Ottawa and Montreal.

Mr. and Mrs. W. G. Andrews entertained a number of their friends Wednesday evening, it being the anniversary of their wedding day. The evening was spent in playing Five Hundred. Mrs. T. Peterson and Mr. T. Peterson carrying off first prizes. At the close a dainty lunch was served.

In reference to a news item which appeared in the Calgary Daily Herald of one day this week, and which stated that Mayor Fawcett was in Edmonton in the interest of having a resident judge appointed for Macleod judicial district, Mr. Fawcett has stated to a representative of The Times that the item is erroneous, this was not the nature of the business that called him north, nor did he mention the matter of a judgeship for Macleod to Attorney-General Boyle, nor to any member of the Attorney-General's department. Mayor Fawcett also stated that such unwarranted statements were not in the best interests of Macleod nor in those of the paper publishing them.

A quiet wedding was solemnized at the residence of Mr. and Mrs. W. N. Damon, on 19th Street, Macleod at 11.30 a.m., on Tuesday, February 22nd, when Miss Fern Hovis, niece of Mrs. W. N. Damon, was united in marriage to Mr. John Roy McFarquhar, of Calgary, the Rev. John Kennedy, officiating.

The bride, who was given away by her brother, Mr. Roy Hovis, was attended by Miss Edith Coffey, while Mr. Harold McFarquhar acted as best man. Appropriate music being rendered by Miss Janet White. After the ceremony a sumptuous repast was served, Mr. and Mrs. R. R. Coffey, cousins of the bride acting as host and hostess.

Other guests included Mrs. J. Farquhar, Calgary, Mr. and Mrs. Wallace Hovis, Mr. and Mrs. H. C. Winter, and Mr. and Mrs. P. McFarquhar.

Mr. and Mrs. Roy McFarquhar left on the afternoon train for points west, and on their return will reside at Airdrie, Alberta.

A very interesting case, especially among the people of South Alberta, is being heard in the district court at Macleod (commencing Thursday) before his honor Judge Jackson of Lethbridge. The accused is J. J. Cameron of Pincher Creek, formerly manager of the Hay Growers' Association of that town; he is charged with presenting a false statement of accounts, and defense are trying to prove that he falsified these accounts, while of an unground mind. J. W. McDonald, K.C., of Macleod, is prosecuting on behalf of the Crown, while the accused is being very ably defended by C. F. Adams, K.C., and S. B. Woods, K.C., of Edmonton, two of the most prominent barristers in the Province. The defense has so far called two witnesses, namely E. G. Brown, of Pincher Creek, brother-in-law of the accused, and J. Kemmis, of Pincher, both of whom gave evidence to the effect that according to accused's actions and statements during the past twelve months, they (the witnesses) are undoubtedly of the opinion that Cameron's mind was unbalanced during that time, when the defalcations were made and the accounts of the Hay Growers' Association tampered with.

Mr. Kemmis, the last witness, is president of the Hay Growers' Association, and according to all reports will suffer very heavily financially

(Next Door South From the Bank of Commerce)

over Cameron's supposed fraudulent actions.

There are yet a number of witnesses to be called both for the defence and prosecution, and the case is expected to last several days.

It is understood that several eminent medical men of the province, who specialize in cases of unsanity, etc., are to be called, one of whom is Dr. Cook, the well known physician and head doctor of the Ponoka Asylum.

Proceedings in record to the theft of liquor in bond from a C. P. R. car in transit from Calgary to Lethbridge, opened on Monday last before Magistrate Burrrell. James Audett and Albert Vaile, of Granum, defendants. Evidence was given by John Walker of the shipment of 25 gallons of alcohol, comprising 25 cases of gin. In the car, No. 119518, it was deposited by Henry Long were shipped a quantity of Goodyear tires. There was also a consignment of candies. Two ship-pers of the C. P. R. gave evidence as to the car being loaded. A witness, Ingram, deposed to sealing the car, as also the seal-checker, Geo. Patterson. Constable Ribbon stated that the seals were intact at Aldersyde. The door of the car was found broken at Granum. Freight checker John Giles gave an account of the missing articles, 25 cases of gin, two bundles of tires, tire fittings and candies. Knight, of Lethbridge, deposed to not having received the gin shipment. A. Preisig, of Lethbridge, swore to not receiving the tires which were shipped to him. A witness, Leslie, swore to a statement he said was made to him by the accused Audett, in which it was said that the liquor was picked up by himself and Vaile on the side of the track and cached at Granum. He implicated other parties in Calgary. This was corroborated by Detective Laurence, of the A.P.P. and Constable Watts, of Macleod. A man named Clayton Foster deposed that he, with a man named Macleod, had lifted a cache of about 100 bottles of gin about seven miles from Granum at night and had stored it in a pool hall at that town and the next day had handed some of it over to the chief of police there, about 40 bottles. Some days after some 36 bottles more were turned over and that a week or more after Cpl. Watt of Macleod had found 15 bottles more cached in the building where Foster had put it. The statement of Audett was made to the police at Lethbridge is a rather lengthy account of the doings of himself, Vaile, and another party. He had made a former statement in which he said that Vaile had nothing to do with the stealing except to help him to lift the cache on some Calgary men who had

double crossed him, Audett. Vaile also made a statement but said very little that coincided with Audett's. It was contended by Counsel for the accused that the statements were made under circumstances that will not admit their use at the final trial. Defence was reserved. The prisoners were remanded for trial at regular sittings of the supreme court, March 14th. J. W. McDonald, K.C., for the crown, and D. W. Clapperton, of the

legal department of the C. P. R., prosecuting; J. J. O'Connor, Calgary, for Audett, and J. Hicks, of Macleod, for Vaile.

The ledger in which France's national debt is recorded required ten cars for its transportation from Paris to Bordeaux and from Bordeaux to Paris. That's about the kind of book a newspaper would need to keep track of those who have beat their bills.

When the Family Woke Up

When dad swung into a waltz; when mother tried the fox-trot, and Bill and the girls jazzed through many graceful steps quickened by the music from the Columbia Grafonola, that's when the family woke up.

Come in and see this beautiful instrument, pleasant to look at and delightful to own.

Listen to these new Columbia Records.
